Ludlow's Island Lodge
P.O. Box 1146
Cook, MN 55723

Dear Mark and Sally, Paul and Kelly,

As you well know, Ludlow's Island Lodge has been the site for the annual Magotteaux Customer Appreciation Day event for fourteen consecutive years. Our customers have told us from the very beginning that this is the one day that they look forward to all year long. It is the one event that we cannot afford to cancel.

Our customers are always refreshed after a day of fishing on Lake Vermilion with professional fishing guides, a shore lunch of fresh caught walleye that never gets old and finally, relaxation and a gourmet dinner at the island cabin at the end of the day.

We have found that by removing our customers from their day-to-day work environment and placing them on the most scenic lake in Minnesota provides a real team building experience that is greatly appreciated and unrivalled. When we visit our customers back at their workplace, seeing the group picture taken before we embark on a day of fishing adventures proudly displayed is proof positive that these people had an experience worth remembering.

The keystones that have guaranteed success year after year are:

- Stunning scenery
- Fishing success
- Island setting which magically transports you away from work-a-day cares
- First class service and accommodations
- Gourmet food
- Expert planning

I would heartily recommend Ludlow's Island Lodge to anyone looking to reward their customers, employees or just plain old friends with some hard earned time in paradise.

Sincerely,

William Conger
Process Engineer
